### **AIDA Cruises in a double pack: AIDamar and AIDabella set sail from Rostock-Warnemünde together for the first time**

On Saturday evening (June 2, 2018), the visitors of Rostock-Warnemünde were treated with an impressive sight in the fabulous summer weather: The cruise ships AIDamar and AIDabella set sail together from Rostock-Warnemünde at 8.00 p.m.

For the guests aboard AIDamar, the lines were cast off for a seven-day Baltic round trip. AIDabella, also on a week-long cruise through the Baltic, set a course for Kiel where the trip ended on Sunday for some 2,300 guests.

This little AIDA sailing parade gave a foretaste of the Rostock Cruise Festival, which will celebrate its premiere in the year of the 800th anniversary of the Hanseatic city from September 14 to 16, 2018. AIDA Cruises is a premium partner of the event, which in future will take place every two years in Rostock.
